

Gas House (North Dormitories)

Herrick Archives Building 301

This is a 16' x 20' concrete block structure faced with brick. It is located on the southeast corner of West Lane and Peasley. See sketch. The building appears on Sheet 71 in the book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

The structure was built to provide gas service to the whole North Dormitory complex, and its construction was included in the general contract for Taylor Tower (268). See report 268 for dates, etc.

The gas house was built as an alternate to the general contract at a cost of \$3800.

See Photographs X7254, X7323, and X7324 in Photoarchives for pictures of the building.
